BUILDING OPERATOR CERTIFICATION PROGRAM

PURPOSE

This voluntary program is designed to establish and encourage Building Operator Certification (BOC) through the Northwest Energy Efficiency Council's Building Operator Certification Level 1 and Level 2 series curriculums. In support of a partnership with the Midwest Energy Efficiency Alliance (MEEA), Westar Energy will:

- Reimburse to MEEA the initial cost to license the BOC program in Kansas and the annual costs to jointly administer the Level 1 and Level 2 series curriculums in Westar Energy's Kansas service territory.
- Reimburse a portion of the tuition fees for Building Operators associated with properties in Westar Energy's service area who successfully complete the certification requirements.

AVAILABILITY

The certification courses funded by this Program will be available through Company as licensed by MEEA for any building operator employed by a company having at least one Kansas commercial property receiving electrical service from Westar Energy.

Reimbursements for the successful completion of the certifications are available to any Building Operator associated with at least one Kansas commercial property receiving electrical service from Westar Energy.

PROGRAM ADMINISTRATION

The Program will be administered by Wstar Energy and MEEA.

Issued _____

BUILDING OPERATOR CERTIFICATION PROGRAM

PROGRAM COST

Westar Energy will reimburse MEEA for a portion of their costs associated with the administering the regional program and for assisting with Company's local program.

In addition, a portion of the tuition fees for each certification level will be reimbursed to the sponsor or individual paying the tuition. To receive the reimbursements, qualified Building Operators must complete a reimbursement request and submit it to Westar Energy. The reimbursement form is available by contacting Westar Energy directly.

TERM OF PROGRAM

The term of this program will be five years from the effective date, pursuant to the terms defined in agreements with MEEA.
