****PHOTO OPPORTUNITY****

**WESTAR ENERGY'S GREEN TEAM, CITY OF TOPEKA CONTINUE
REVITALIZATION EFFORTS AT BURNETT'S MOUND**

Volunteers needed for work day March 12.

TOPEKA, Kan., March 7, 2011 — Westar Energy's Green Team, working with the City of Topeka, is revitalizing Skyline Park at Burnett's Mound, making it a destination point for outdoor enthusiasts. Twenty-five volunteers spent a day in October removing tree overgrowth from the bluff. Another work day is scheduled for Saturday, March 12, and volunteers are needed to further help cut, stump treat and remove brush. Tree and brush removal will allow restoration of native grass and wildflowers.

Volunteers of any age are encouraged to come any time between 9 a.m. and 3 p.m. on March 12. Volunteers should bring their own gloves and chainsaws, loppers or handsaws, if they have them. Eye protection, drinks, and lunch will be provided. So we can ensure enough lunches are available, volunteers should please notify Barb Cornelius at 785.575.8125 before the event.

Burnett's Mound Work Day

When: Saturday, March 12

Time: 9 a.m. – 3 p.m. *Volunteers may come and go as needed*

Where: Burnett's Mound *Directions: From I-470, take Gage exit and go south on Gage approximately three blocks and turn west on west 35th Street; go five blocks until you reach a T in the road and proceed right on Skyline; turn left through park entrance gate and follow the drive. Work will take place near the giant water tank.*

Volunteers should bring: Personal safety equipment such as gloves and safety glasses (eye protection will be available to those who need it), chainsaws, loppers and handsaws.

The Westar Energy Green Team is a group of employees and retiree volunteers that take on environmental projects across Kansas. The group completes between 50 and 70 projects per year on weekends and evenings. The Green Team also collaborates with conservation groups, agencies and schools in enhancing and fostering an understanding of the Kansas environment.
